### Testimonials

"I had been incorporating homeopathy into my integrative pediatric practice for several years prior to taking the CEDH course, and I can honestly give my highest recommendation for the CEDH course as THE course to take for the busy physician who wants to learn a comprehensive and immediately practical way to incorporate homeopathy into their clinical practice. Homeopathy has provided me with an invaluable tool to successfully treat my children with acute illnesses as well as complex and chronic conditions such as asthma, eczema, and autoimmune illness – without the side effects of the increasingly aggressive off-label pharmaceuticals that are now being employed. I encourage all medical practitioners to take this course and explore the power and potential that homeopathy has to offer their patients."

"Homeopathy has been a saving grace for many of my patients with both acute and recurrent/chronic problems for which conventional medicine had little to offer. It continues to be a safe and effective tool in my practice. With very few quality homeopathic courses available for the practicing physician, I have been greatly impressed by the comprehensive, yet practical, CEDH homeopathy course. Clear and commonsense, it is a relatively painless process of homeopathic education, allowing the busy practitioner to incorporate this versatile tool into their practice."

"The CEDH course has added a new dimension to my medical practice. With my training in Homeopathy, I have an additional means by which to address the specific medical issues of my patients, as well as optimize their overall health and well-being. I also found the instruction and clinical experience of the physicians teaching the course to be key in understanding Homeopathy and applying it successfully to a variety of clinical settings."

Professor, Western University of Health Sciences / College of Osteopathic Medicine

"The CEDH course allows me to utilize my experience of more than 20 years in clinical practice. I am using homeopathic medicines in my practice on a daily basis for a variety of conditions. Dr. Boyer was not exaggerating when he stated on the first day of the CEDH course that homeopathy will restore the pleasure to practicing medicine."

## Why Study Homeopathy?

Prescribed by hundreds of thousands of physicians world-wide, homeopathy is one of the most widely practiced medicines in the world and is progressing rapidly. Patients are increasingly in search of safe and natural alternatives.

Homeopathic medicines present multiple advantages:

- Clinically used for more than 200 years
- Safe, non-toxic and without side effects
- No interference with other medicines
- Students can start practicing homeopathy after the first class

Homeopathic medicines, regulated as drugs by the FDA, can be used as first-line treatment for a large number of acute or chronic conditions, either alone or in conjunction with conventional medicines.

## The Center for Education and Development of Clinical Homeopathy (CEDH)

Founded in 1972, the aim of the CEDH is to give physicians the most reliable knowledge on homeopathy in a clear, pragmatic and clinical approach.

To learn homeopathy is not only to obtain new theoretical and practical knowledge, but also to acquire the know-how that will allow its integration into everyday medical practice.

The teaching methodology of the CEDH is based on:

- Medical clinical reality
- Homeopathic medicines as a therapeutic choice, based on their place in conjunction with other therapeutic possibilities
- Reliability of the sources
- References to current medical knowledge

## Course Fees and Schedule

## Course Director

**Ronald Boyer, M.D.**

Ronald Boyer, M.D., is an internationally recognized authority in the education and practice of homeopathy. He holds a doctorate in medicine from the University of Montpellier in France.

Dr. Boyer maintained a private practice specializing in family medicine for more than 20 years, during which time he lectured extensively on the subject of homeopathy for the CEDH throughout France and the United States. From 1992 to 1998, he served as the senior lecturer in charge of the medical homeopathic division of the Technikon Natal, a post-graduate educational institution in Durban, South Africa.

Dr. Boyer is a founding member of the International Medical Homeopathic Organization (IMHO), an honorary member of the South African Homeopathic Medical Association (SAHMA), and member of the Homeopathic Pharmacopoeia of the United States. Dr. Boyer is assisted by practicing physicians qualified in homeopathy and trained both in the foundations of the CEDH teaching course and in the use of its teaching tools.

Dr. Boyer is the co-author with Dr. Alain Horvilleur of eight books: "Homeopathy During Pregnancy," "Homeopathy and Headaches," "Homeopathy and Stress;" and "Homeopathy and Rheumatism", etc.
